

Parent Guidelines for Seesaw:

Documenting and sharing your child's learning at Torrens Primary School

Seesaw is the online tool our school has chosen to document student learning, and the use of Seesaw has replaced paper based portfolios. Student work samples will be posted in your child's Seesaw journal throughout each semester and are accessible to families as they are posted. This will allow families to celebrate their child's learning development, progress and achievements as they occur. Teachers use a variety of methods to assess learning and Seesaw will complement a range of existing measures to report on student achievement.

Teachers and students will be able to post work samples, photos, videos and voice recordings to your child's personal portfolio. You will be able to see your child's work throughout the year and comment on their progress. Information posted by your child is accessible by **you only** unless they have worked in collaboration with other students on a piece. In this instance, parents of all of the students involved in the piece of work will have access and be able to comment. This is a forum for *positive* feedback and will be closely monitored by the teacher moderator. We recommend that you take a few moments to familiarise yourself with the parent tutorial provided by Seesaw (<http://web.seesaw.me/>).

If you have any concerns or issues regarding your child's learning however, please contact your child's teacher/s via email or by phoning the school rather than using Seesaw. Please also continue to engage with our *Torrens Times* newsletter (on our website every Thursday) as an additional way to stay informed about all the fantastic things happening at Torrens Primary School.

How will Seesaw be used at Torrens Primary School

- Seesaw will be a safe place for students and teachers to document learning using the Seesaw App. It will be used in all classes from Preschool to Year 6.
- Seesaw is primarily used as a portfolio to share work samples, assessment and progress and will be used to publish items including:
 - Work samples
 - Collaborative group activities
 - Audio, video and photos of students during and at the end of the learning process
- Written parental consent and payment will be obtained before a student's account is set up and made available for access as a digital portfolio.
- Once you "opt in" to Seesaw (provide parental consent) you are not required to do this again in subsequent years, however you do need to provide your \$7.50 Seesaw payment at the beginning of the school year.
- You will be provided access via a QR code to scan and instructions for accessing your student's Seesaw journal.
- At the end of the school year you will receive an email letting you know you have 60 days to download a zip file of your child's Seesaw account (including images, videos, voice recordings and other posts) for that school year. This does not cost anything.
- We encourage you to engage with Seesaw by discussing journal posts with your child, as well as leave positive comments for your child. This encouragement can help boost their confidence and encourage greater responsibility for learning.
- Torrens Primary School Coordinators - **Alicia Hourigan** and **Amy Byrne**.
- See over the page for Seesaw Privacy information and additional implementation information.
